

Brandon,

We got them home and settled. They're eating pretty good. I just wanted to make sure I properly thanked you. I really appreciate you working with us. It means a lot to me. I love taking students and getting animals because it's just a fun activity for me. The thing I hate about doing it is when you come up against these guys that are just trying to milk every last cent out of a kid or are doing it for the wrong reasons. Anyway, I don't want to get long winded but I really appreciate what you did for us and it won't be forgotten. I'm ready to make that trip again far into the future to see great goats from the right people. Please share our thanks with your dad and grandfather. Joe
